

Beam extension

Extension of a classic balance beam used for safe teaching of new elements. The length of this extension is 200cm or 300cm, width 20cm. Fastening with Velcro, see photo. The core and sides are made of solid hardwood. The cover and softening are identical to those on competition balance beams. In the lower part of this product, we installed the cover material as on the balance beam to prevent damage to the competition balance beam.

Product number	Size	Weight	Color
G1-20020	200x20x10cm	5kg	
G1-30020	300x20x10cm	6,5kg
