

Somersault mats with leather corners

Somersault mat is nearly identical to the mat classic. The only difference of this type of the mat is the core. The core is bonded polyurethane (the same material as for tatami only with less density). Because of it the mat is heavier but more stable.

The corners of this kind of the mats are covered by genuine leather. This protection is suitable for frequent moving of the mats which can caused the damage of the corners.

The mats are also good for therapeutic exercises.

Product number	Size	Weight	Color
